On the 4<sup>th</sup> of May 2017, HELLASTRON was invited to organize a panel of experts to discuss “the coexistence and interaction of connected vehicles with motorways” during the Connected Cars Conference in Athens, Greece. ASECAP General Secretary Mr. K. Dionelis as the Keynote Speaker presented the ASECAP positions, outlining the EU experience and knowledge on the matter, while HELLASTRON and experts from the transport sector, ITS technology developers, as well as academics and researchers exchanged views about the prospect of having connected and autonomus vehicles travelling on our Toll Roads .
